**Description:**

Following-up on the Netherland Knights' generous commitment to grant an amount of US\$6,000 in 2020, we would like to submit this request upon the needs of the community center stated by Rev. Boulos Baqa'een, parish priest in Kerak and Ader.

The Community Center of St. Georgios Church in Ader would like to provide a variety of services for more beneficiaries with a special focus on the catechism and formation programs. Due to the center's space, to the well-equipped and furnished center, in addition to the outdoor playgrounds for adults and children, the center will be able to attract more beneficiaries and conduct more variety of activities that will contribute in strengthening the Catholic faith in these areas.

Nevertheless, there are few shortages that they would like to have, and few obstacles that they would like to conquer. The church is in need for amplifier system to be used during the activities, especially when having a large number of participants. They also would like to purchase some stationary and supplies for the in-door activities.

There are some unforeseen expenses that the center cannot manage, because they provide these services and facilities without any charges, due to the hard economic situation of people in that faraway town, even though, parishioners are ready to collect donations to cover part of the remaining expenses.
