**Tel. 962 6 4649-240**

**Fax. 962 6 4649-282**

**Task and position:** Ra'ed A. Bahou, Regional Director

The safety concerns of the staff and people are always taken into consideration, but due to the speed spread of Corona virus, an urgent objectives, measures, activities and continuity took place up to date, in order to prevent any positive cases among staff or patients

The Dominican Sister of St. Catherine of Siena worked together with their staff as planned to serve people and conquer all challenges and risks, which increased due to Corona virus.

### **Protection measures:**

- \* Above all, the clinic followed-up on all the government's instructions, including their own protective measures.
- \* Cleaning and sterilizing the clinic regularly
- \* Hand sterilization distributed in all sections and entrance for the staff and patients. People were not allowed to enter to the clinic without facemask.
- \* Step signs show the people where to sit while waiting for their turn.
- \* One of the Sisters stands at the entrance, measures the temperature, checks if patients are putting facemask appropriately, and instructs them to sterilize their hands, how to be seated. In addition to other instructions and advices on how to prevent the virus in the clinic and at their houses, how to protect their families as well.
- \* During the past year, the Sisters and staff were good example for all people who enter the clinic. By God's will, and the continuous prayers of the sisters, together with supports received, as many people as possible were served appropriately and safely, and no positive cases detected among staff.

Accomplishments in the year 2020 in numbers

- \* General cases: female (5,900), male (917)
- \* Pregnant women (2,137)
- \* Infant and children (670)
- \* Infant and children vaccination (1,747)
- \* Minor cases (wound dressing, BP...) (1,047)
- \* Patients for laboratory tests (3,511)
